## Narrative / Incident Description

At approximately 13:50 on 01 November 2025, a white Toyota Corolla (registration: ABC-1334) was observed to have struck the boundary wall outside 12 High Street, Kingston upon Thames. The vehicle came to rest partially against the wall, facing west. The attending officer spoke with the driver, Mr John A. Doe, who stated that he lost control after negotiating the junction due to an unexpected obstruction on the road and braked sharply, but the vehicle slid on a patch of wet leaves and struck the wall. Weather at the time: overcast, light drizzle earlier leaving damp road surfaces. Road surface: damp tarmac. Lighting: daylight. Actions taken by attending officer(s): Photographs of vehicle and wall taken; driver and witnesses provided statements; owner/occupier of the damaged property notified (Mr. Alan Turner); vehicle recovered by QuickTow Ltd (ref: QT/2025/1107) and removed to Kingston Tow Park. Collision report submitted for further follow-up.

## Injuries

No injuries were reported at scene. Driver declined ambulance and stated he felt uninjured. No other persons involved.

## Notes & Evidence Collected

Photographs: Yes — photo\_001 to photo\_006 (vehicle and wall) - stored on incident file. Sketch/Diagram: Yes — simple scene sketch attached to file. CCTV/dashcam footage: CCTV from 12 High Street shop reviewed; footage captured the collision time and has been retained by Kingston Police (ref: CCTV-2025). Witness statements: Yes — attached to incident file.

## Action Recommended / Follow-up

1. Structural inspection of the damaged wall by a qualified engineer or council building inspector.
2. Repair costs to be assessed and pursued with the vehicle owner/insurance.
3. Mechanical inspection of the vehicle; check brake operation and tyre condition.
4. Further enquiries: Review CCTV footage in full and obtain formal written statements where necessary.
